

# Supply Chain/Sourcing Internship at Viwanda

The **Supply Chain/Sourcing Intern** assists the Sourcing team in effectively directing the business relationships with finished product suppliers to leverage lower costs and reduced lead time without sacrificing quality.

## Your Tasks:

- Search and work with suppliers/factories across multiple EU Countries
- Report findings to other team members and management as required
- Performing sourcing, contract management, and pricing activities
- Creation of Forecast usage and purchase plans
- Ensure tracking of production from first samples to final deliveries
- Ensures internal documentation and system procedures are timely and accurately completed
- Create process definitions and documentation

## Your Profile:

- Enrolled full-time student pursuing a bachelors/masters degree in either social engineering or other related fields
- Native in one of the European languages (German, French, Spanish or Italian)  
Main communication language will be English
- Ability to work well alone or with others
- Proficient in Microsoft Word and Excel preferred
- Open minded to work in a new international, entrepreneurial environment

**What we offer:** Taiwan offers a working holiday visa to a number of different nationalities and we offer a corresponding full-time position for a six month period.
